SITUATION SUMMARY

Cal OES Activation Status

State Operations Center	Inland Region EOC	Coastal Region EOC	Southern Region EOC
Level 1	Normal Operations	Normal Operations	Normal Operations

Coronavirus Disease 2019 (COVID-19)

The Cal OES State Operations Center (SOC) activated 03/02/20 at 0700 hours in support of the California Department of Public Health (CDPH) Medical Health Coordination Center's (MHCC) statewide response to COVID-19. Cal OES will continue to provide resource coordination for the COVID-19 event, as well as situation status reporting and advance planning across multiple areas.

Situation Overview

- **California State of Emergency Proclamation**

On 03/04/20, Governor Gavin Newsom declared a State of Emergency for California, as a result of the global COVID-19 outbreak that began in December 2019, to make additional resources available, formalize emergency actions already underway across multiple state agencies and departments, and help the state prepare for broader spread of COVID-19.

- **Global Health Advisory**

On 08/06/20, in close coordination with the U.S. Centers for Disease Control and Prevention (CDC), the Department of State lifted the Global Level 4 Health Advisory. The Global Advisory, initially put in place on 03/19/20, advised U.S. citizens to avoid all international travel due to the global impact of COVID-19. For more information visit: <https://www.state.gov/>.

- **State Executive Order N-33-20**

On 08/28/20, California introduced a blueprint for reducing COVID-19 in the state with revised criteria for loosening and tightening restrictions on activities by counties. Visit [Blueprint for a Safer Economy](#) for more information and to check the status of a county. This blueprint included a health equity metric to be used along with other metrics to determine a county's tier. The purpose of [Equity Metric](#) is to ensure California reopens its economy safely by reducing disease transmission in all communities.

- **CDPH Statewide Travel Advisory**

The California Department of Public Health (CDPH) has issued a new Travel Advisory superseding the 11/13/20 guidance. Californians should avoid non-essential travel to any part of California more than 120 miles from one's place of residence, or to other states or countries. Non-essential travelers from other states or countries are strongly discouraged from entering California, and if they do, should adhere to quarantine procedures. All persons arriving in or returning to California from other states or countries should self-quarantine for 10 days after arrival, except as necessary to meet urgent critical healthcare staffing needs or engage in emergency response.

SITUATION SUMMARY

Coronavirus Disease 2019 (COVID-19) (Continued)

Confirmed Global COVID-19 Cases – Per Worldometers COVID-19 Live Updates as of 03/07/21 at 1100 hours:

- 117,257,542 (+373,991) total confirmed cases in 219 countries and territories
- 2,602,371 (+7,023) total deaths

Confirmed United States COVID-19 Case – Per Centers for Disease Control and Prevention (CDC) as of 03/07/21 at 1000 hours:

- 28,771,749 (+57,586) total confirmed cases
- 522,973 (+1,679) total deaths

Confirmed California COVID-19 Cases - Per Medical Health Coordination Center as of 03/07/21 at 1100 hours:

- 3,501,394 (+3,816) total confirmed cases

COVID-19 Vaccines Administered – Per Vaccine Task Force as of 03/06/21 at 2359 hours:

- 10,379,688 vaccines administered

Cal OES/ FEMA Vaccination Sites and Mobile Vaccination Clinics (MVCs):

- Oakland Arena Vaccination Site
- Oakland Mobile Vaccination Clinic 1 and 2
- California State University – Los Angeles Vaccination Site
- Los Angeles Mobile Vaccination Clinic 1 and 2

- Please see attached California Health & Human Services (CHHS) Agency / Cal OES Joint Situation Report for additional details

SITUATION SUMMARY

Cal OES INLAND REGION

- Nothing significant to report.

Cal OES COASTAL REGION

American Challenger, Southwest of Bodega Bay, Marin County

The California State Warning Center was advised of two vessels disabled Southwest of Bodega Bay, Marin County. This occurred during a tow transport from Seattle to the San Francisco Bay. A tugboat (Hunter - 100', 27,000 Gallons of Diesel on board) was towing when the line failed, the tugboat is safely anchored at this time but has lost propulsion, the Fishing Vessel (American Challenger - 7,000 Gallons of Diesel Fuel, Motor Oil and Lube Oil on board). The United States Coast Guard is on scene monitoring at this time. The fishing vessel has run aground on [03/06/21 at 0100 hours](#), and is carrying the 7,000 Gal(s) of diesel. Cal OES Marine and the California State Warning Center are monitoring the situation.

Per Cal OES Maritime:

- American Challenger – had no crew onboard, what is called a dead tow.
- Hunter – crew stayed onboard and dropped anchor.

Per US Coast Guard:

- An investigation is underway to determine the amount of fuel aboard the American Challenger.
 - Divers will attempt the removal of the tow line from the Hunter's starboard propeller [tomorrow, 03/08/21](#).
 - [Divers have recovered the shackle from the Hunter for analysis.](#)
- The fishing ran aground onto rocks just north of Dillon Beach (LAT 38 01.93 N LONG 122 59.98 W) at 0100 hours.
- Vessel was not occupied and no reports of injury.
- [An overflight of the vessel on 03/07/21 reported a light sheen in the immediate vicinity of the vessel.](#)
- A Unified Command between the U.S. Coast Guard, OSPR, Marin County Sheriff's Office of Emergency Services, and NOAA's Greater Farallones National Marine Sanctuary has been established.
 - Coordinating with State Parks Marin County to make notifications to the local populace that boat ramps are closed in the area.
- There have been no confirmed reports of oiled wildlife.
- There are no impacts to commercial traffic or scheduled marine events at this time.
- [An environmental unit is assessing protection strategies for sensitive sites in the area.](#)
 - [Approx. 4,000 feet of containment boom has been deployed to protect highly sensitive sites within Tomales Bay.](#)
 - [A total of 15,000 feet of containment boom is planned to be deployed.](#)
 - [USCG is broadcasting a Safety Marine Information Bulletin \(SMIB\) to inform the public of protection operations in Tomales Bay.](#)
- [Salvage crews are assessing the vessel American Challenger with drones and developing a plan to access the vessel to assess damage and quantify petroleum potential on the vessel.](#)
- No state assistance needed at this time.

Cal OES SOUTHERN REGION

- Nothing significant to report.

WEATHER OF CONCERN

NORTHERN CALIFORNIA

- Sub-freezing temperatures as low as 29 expected from midnight tonight to 0700 Monday for portions of Northwestern Mendocino Interior, Northeastern Mendocino Interior, Northern Lake County and Southern Lake County.

SOUTHERN CALIFORNIA

- A cold pacific storm will likely bring periods of rain, low elevation snow, and cool temperatures to the region Tuesday afternoon through Thursday. The bulk of the precipitation is expected Tuesday night into Wednesday.
 - Rainfall amounts are generally expected to range between 0.50 and 1.00 inches with local totals up to 1.50 inches possible in the foothills and mountains.
 - Potential impacts from this upcoming storm include travel delays, roadway flooding, and possible minor debris flows in the recent Los Angeles County burn areas.

WEATHER KEY POINTS

03/07/21 - 03/13/21

Sunday-Saturday

- No significant impacts are expected Sunday.
- Cool and unsettled conditions are expected Monday through Thursday across the state, bringing periods of rain, mountain snow, gusty winds and isolated thunderstorms.
 - Mountain snow may lead to travel impacts across northern mountains and the Sierras beginning Monday, and southern California mountains beginning late Tuesday.
 - Rainfall rates may produce minor runoff and debris flow, but no widespread significant impacts are expected.
- Drier weather with milder temperatures are expected by Friday and into next weekend.
